### add ROCKEFELLER

NEW YORK, JAN. 3.—William Rockefeller has agreed through his counsel, John A. Garver, to accept service of a subpoena to appear on Jan. 13 before the Pujio committee of the house of representatives at Washington investigating the money trust, according to announcement tonight at the offices of Samuel Untermeyer, counsel for the committee. It was stated, Mr. Untermeyer has by the direction of Chairman Pujio, accepted this offer.

No intimation of the whereabouts of Mr. Rockefeller was contained in the statement.

As a result of the agreement, the sergeant-at-arms of the house has been instructed to discontinue his efforts to effect service on William Rockefeller.

While accepting service the statement avers, Mr. Garver advised Mr. Untermeyer that Mr. Rockefeller's condition of health is very precarious, and that it will be impossible for him to appear as a witness at Washington, or even to submit to examination at his home.

Mr. Rockefeller has been informed that having now submitted to the jurisdiction of the committee he must present his excuses to the committee in due form for such action as it may deem proper. If it is established to the satisfaction of the committee that it will be impossible to obtain the testimony of Mr. Rockefeller without imperiling his life, the statement says, the committee would, of course, not feel justified in taking any such extreme action. It may, however, conclude to secure an independent opinion.

Mr. Carver, at his home tonight, confirmed the announcement that he had accepted service in behalf of Mr. Rockefeller.

In answer to questions he said this, in effect, was the same as though Mr. Rockefeller had been personally served. He did not care to state, he said, where Mr. Rockefeller was at present.

**For Philippine Government.**  
Cablegram instructions from the Philippine general assembly to work for the passage of the Jones bill to provide for Philippine independence, with a view to action at this session if possible and failing that, to press it before the extra session, have been received by Delegate Quezon of the Philippines. Mr. Quezon is not very hopeful of having the matter brought up before the extra session when he had been told, it might be put through congress as a Democratic measure. Mr. Quezon, who has just returned from the islands, says the Philippine assembly and every town in the Archipelago have endorsed the Jones bill. The bill purposes to establish a provisional government, more liberal and autonomous than at present, for a probationary period of eight years beginning July 4, 1916, and that after July 4, 1921, the United States shall relinquish all rights of sovereignty over the Philippines and grant to its inhabitants full and complete independence.

**Would Retain Coaling Stations.**  
The United States would retain sovereignty over coaling stations and necessary naval station sites and points for cables, not including the bay and harbor of Manila, which would be left entirely to the Philippines.

Other deep water harbors equally susceptible of fortifications and defense, such as Subig Bay, would be considered for naval basis and coaling sites. The Jones bill also would provide that the Philippine government should carry out the obligations of the United States with Spain, that no law should be enacted discriminative between citizens of the United States as compared with those of the Philippines or other countries. It also would test the legislative power of the Philippine islands in a congress of the Philippines, a senate comprising thirty-eight members and a house of eighty-seven members.

The executive power would be vested during the probationary period in a president, appointed for four years by the president of the United States and after July 4, 1921, to be elected by the Philippines.

**Bailey Sends Resignation.**

Senator Joseph W. Bailey today sent his resignation as senator from Texas to Senator Gallinger to take effect immediately. R. M. Johnston of Houston now is in the city, and Senator Bailey said that he would be appointed by the governor to succeed him with the expectation that the legislature when it meets would elect him to fill out the unexpired term.

**Introduces Free Leather Bill.**

Representative Cox of Indiana, Democrat, today introduced bills to put on the free list, boots, shoes and all other leather. They were referred to the ways and means committee, which will begin hearings on revision Monday.

**Memorial Plans Transferred.**

Advocates of the Lincoln Memorial commission's plan to build a great memorial structure in Washington to the martyred president today succeeded in having the senate memorial bill taken from the house appropriations committee and referred to the library committee. The change of reference was made by a vote of 116 to 90 without debate. It is claimed that a majority of the members of the library committee favor the commission's plan while some of the appropriation committee support the proposal to build a memorial highway between this city and the Gettysburg battlefield.

**Sustains Constitutionality.**

Washington, Jan. 3.—On the theory that federal government has as much power to protect people as it has to protect cattle, the government today, in brief, asked the supreme court to sustain the "white slave" act as constitutional.

Assistant Attorney General Harr quoted the decision of the supreme court in upholding the constitutionality of the law against the transportation in interstate commerce of diseased cattle.

"Will it be said," asked Mr. Harr, "that congress, if it chooses to act, cannot protect the people of the several states against the introduction of women and girls for the purpose of debauchery—that the law affords greater security to cattle than it does to persons?"

**Watchers Withdrawn.**

The watchers thrown around Mr. Rockefeller's Fifth avenue mansion, his home in Tarrytown, and the were withdrawn tonight, ending the search of process servers begun last June.

Charles F. Riddell, sergeant at arms of the house of representatives communicated with members of the Pujio committee in Washington upon being informed that Mr. Garver had accepted service and was authorized to discontinue the search. He left for Washington tonight.

**Pujio Is Pleased.**

Representative Pujio of Louisiana, chairman of the house "money trust" investigating committee, expressed gratification tonight over the action of William Rockefeller in agreeing to accept counsel service of a subpoena to appear before the committee January 13. He had been personally advised early in the evening from New York that service would be accepted by Mr. Rockefeller. Mr. Pujio fully expected that Mr. Rockefeller would accept service and the result of the statement he issued last night in which he expressed the hope that it would not be necessary to exert the full legal power of the house. It also was learned that Mr. Pujio had for the last 24 hours known of the whereabouts of Mr. Rockefeller, but he declined to throw any light on the subject.

**Convenes Again Today.**

The senate sitting as a court of impeachment in the trial of Judge Robert W. Archibald, of the commerce court, will convene again tomorrow after a lapse of more than two weeks. The trial was scheduled to be resumed today, but the sudden death of Senator Davis of Arkansas and the subsequent adjournment of the senate as a mark of respect precluded any session today.

## ALLIES DELIVER ULTIMATUM TO TURKEY

### BALKANS STATES DEMAND TERMS BY MONDAY

Turkish Delegates Read "Last Possible Terms Turkey Can Offer"—Counter Proposal to That of Turks is Later Submitted.

LONDON, JAN. 3.—Although the word "ultimatum" was not pronounced, what practically was an ultimatum was presented to Turkey at today's sitting of the peace conference on behalf of the Balkan allies. Laszar Myuskovitch, head of the Montenegrin delegation, who presided after the Turks had submitted a proposal which was considered unacceptable told Rechad Pasha, chief delegate of the Ottoman empire, that either by Monday Turkey must find a way to renounce to the Balkan allies her rights over the island of Crete, cede the islands in the Aegean Sea and present a rectification of the frontier of European Turkey, which would include Adrianople in the territory of the allies or the allies would consider that further negotiations for peace were useless. Rechad Pasha when called upon to present the promised new Turkish proposals said his government had authorized the Turkish military and technical experts attached to the Ottoman delegation to mark on a map the proposed new frontiers between Turkey and the allies, which he would present later.

Meanwhile he read what he called "the last possible terms Turkey can offer." These were as follows:

First.—That Crete, enjoying simple suzerainty of the Sultan, but in reality under the protection of Great Britain, Russia, France and Italy, constitutes a question which can be dealt with only by the powers under the responsibility of which the administration of the island is conducted, especially regarding finance, police and justice.

Second.—That Turkey shall keep her islands; that she cannot renounce those near the Dardanelles because they are indispensable to the security of the channel of Constantinople or the Bosphorus as it is better known, nor those further south because they form an integral part of Anatolia.

Third.—That the rectification of the Thracian frontier shall begin south from Segot in Karagatch Bay and run almost directly northward. This would not only leave Adrianople in the hands of the Turks but also the entire coast along the Black Sea now occupied by the Bulgars to Lake Derkos, beyond which the Bulgars have not penetrated.

This line as the bird flies measures over eighty miles. In addition to Adrianople this rectification of the frontier would leave in Turkey's hands also Mustapha Pasha, Kirk Killesse and the whole theater of the present war. The experts of the allies estimate that Turkey is asking 5,000 square miles of territory more than the allies are ready to give her.

Each leader of the allies after the Turkish terms had been presented declared that they were unacceptable and insisted on Turkey furthering those proposed by the allies. It was then that M. Myuskovitch issued orally what seemed practically to be the ultimatum of the allies.

"The allies delegates," he said, "see with regret that the Ottoman delegates take no account of the results of the war and the allies consequently would be justified in breaking off the negotiations. In order, however, to afford fresh proof of their conciliatory spirit, they re-declared that the Ottoman delegates at them at a sitting at four o'clock Monday afternoon Jan. 6th, a proposition on three terms."

**Counter Proposals.**

Here M. Myuskovitch submitted a counter proposition to that of the Turks. A summary of it follows:

First.—Turkey shall renounce whatever rights she possesses over Crete, leaving the allies to settle with the protecting powers the other points concerning the islands.

Second.—Turkey shall cede unconditionally all her islands in the Aegean Archipelago, including those provisionally held by Italy.

Third.—The allies propose such rectifications of the frontier as will include Adrianople in Bulgarian territory.

M. Myuskovitch, added that the allies, already having been most generous in repeatedly giving Turkey time to reconsider the situation would wait no longer than Monday for Turkey's answer embodying substantially such terms as would be possible for a better settlement of negotiations. The tone of the Montenegrin's statement gave the character of an ultimatum. All the delegates understood this, including Rechad Pasha, who lost the calm diplomatic impassibility of the first days of the conference. He quickly tried to parry the stroke of his opponents and annul the gravity of M. Myuskovitch's statement by declaring that he believed he would be able to resume Saturday afternoon discussion of the question.

The allies had nothing further to discuss, the sitting adjourned until tomorrow afternoon.

## AUTO BANDITS IN DARING RAID

### SMASH WINDOW AND ESCAPE WITH TRAY OF DIAMONDS

#### Running Fight With Police Follows— Later Are Arrested For Speeding And Badly Wound Officer—Woman Aids Escape

CHICAGO, JAN. 3.—Four automobile bandits smashed in a jeweler's window here today and escaped with a tray of diamonds, after a running revolver fight with police, punctuated by spectacular features. Their escape was aided by a fashionably dressed woman who fainted in the arms of a uniformed policeman as he was drawing his revolver. As soon as the thieves were out of sight the woman recovered herself and disappeared.

A few minutes later the bandits' car was boarded by a policeman who ordered them to drive to a police station for speeding.

They wheeled into a quiet street with the policeman and there shot, stabbed and slugged him and threw him off the car.

The men abandoned their machine and disappeared in a crowded section of the west side. The raid and running fight was one of the most thrilling of the automobile bandit outrages in the recent prevalence of this type of crime in this city.

**Steal Automobile.**

The thieves stole the car in front of a downtown business building late in the afternoon. A short time later, passing in front of a Clark street jewelry store were startled by the crash of glass. Two men were beating in the window with bricks. They seized a tray of rings and leaped to the running board of an automobile that was moving slowly by the curb. Policeman Charles Hanson ran up reaching for his revolver but at that moment a woman with a large feathered hat gave a shriek and threw herself into his arms. Hanson could not draw his weapon but two policemen in plain clothes, who were passing, opened fire on the robbers. The bandits returned the fire as they clambered into the car and one of the thieves was seen to fall into a seat and is thought to have been wounded.

**Exchange Many Shots.**

Twenty shots were exchanged as the machine gathered speed. The chauffeur opened up his exhaust so that it poured out a cloud of smoke which aided in the escape. The plain clothesmen ran after the car and at the next corner commanded a high powered automobile and ordered its chauffeur to pursue the thieves, who however, had so good a start that they escaped.

The bandits' car was stopped by Policeman Charles Sticken in a traffic jam a few blocks from the scene of the robbery. Sticken arrested the chauffeur for speeding.

"Jump in, old man, and we'll take you to the station," said one of the men to Sticken.

**Crimpled Policeman.**

The policeman stood on the running board and told the chauffeur which way to go. The chauffeur took a wrong turn into LaSalle avenue. Sticken turned to protest and received a stab with a knife over the left eye, a blow on the back of the head and a shot in the leg and was hurled from the car. The thieves fired several more shots at Sticken as he lay in the street. He raised himself on one elbow and drew his revolver and fired several times at the fleeing car. The thieves fired several more times at Sticken and also turned their revolvers on citizens they passed in their flight.

None of these was struck by bullets. Good descriptions of the men were given by citizens who saw them leap from the stolen car when they abandoned it.

Rockford, Ill., Jan. 3.—Three hundred students and 15 teachers of St. Josephs Academy a Catholic school for girls fled in a panic to day when fire started in the institution. The blaze originated from an unknown source in a corner of the roof and before the flames could be checked the entire roof has been destroyed.

James O'Brien, a fireman fell from a ladder three stories to the ground and was seriously injured. This made nine fires that have occurred in this city in three days.

**PRESENTS ROBERT ROGERS FOR  
SECRETARY OF THE INTERIOR**

Trenton, N. J., Jan. 3.—Senator Robert L. Owen of Oklahoma today presented to President-elect Wilson the name of Robert Rogers, an Oklahoma lawyer, for the post of secretary of the interior. When Senator Owen left the governor's office he declined to say whom he had talked about with Mr. Wilson. The president-elect later declared that Senator Owen had come to speak for Mr. Rogers.

Senator Owens dwelt upon the fact that Mr. Rogers has a general practice in which he has distinguished himself, Mr. Wilson said. "He added also that Mr. Rogers had been prominent as a progressive Democrat in Oklahoma."

## CASTRO IS GRANTED WRIT OF HABEAS CORPUS

### WRIT IS RETURNABLE BEFORE JUDGE HOLT JANUARY 10

If Writ is Rejected Case May Be  
Land and Make His Home Here.  
Sustained Castro Will Be Free to  
Detained. The action in Castro's be-

NEW YORK, JAN. 3.—Application for a writ of habeas corpus for the release of Cipriano Castro, from Ellis island was made in the federal court here this afternoon. The application was made by George E. Battef. The writ was granted on Mr. Battef's contention that Castro was being held "without any authority of law" and that he had been denied the right to consult with counsel while detained. The action is Castro's behalf, came as a great surprise inasmuch as he had announced that he would voluntarily leave the country pending his departure for tomorrow.

The writ is returnable January 10th, before Federal Judge Holt who granted it to day. The proceedings, it was stated tonight at the offices of George Gordon Battef who applied for the writ, grew out of a visit paid to Ellis island yesterday by Harold A. Content, connected with Mr. Battef's law firm. He reported to Mr. Battef that after talking with Castro he believed the Venezuelan was being held in violation of the immigration laws and that "improper questions" were being put to him in an effort to make his commitment himself and thus give specific cause for detaining him, if that proved necessary. It was then determined to apply for the writ in the interests of public citizenship and endeavor to secure Castro's release.

As soon as the writ was procured messengers hurried to Ellis island and served Byron H. Uhl, assistant immigration commissioner with a copy of the document. The granting of the writ does not, attorneys stated, give Castro the right to leave Ellis island and he is expected to remain under detention unless other means are decided upon to release pending final disposition of his case.

**Wants To See Country.**

Of his talk with Castro Mr. Content said tonight:

"General Castro told me that it was his intention to go back Saturday because he had been subjected to annoyance and embarrassment and mortification, but when he heard that someone was taking interest in his case he said it would gratify a very dear desire of his to be able to visit the United States. It was not his intention to take up his residence here, but merely to have a look at this great land of freedom."

If the writ is rejected at the hearing on the 10th inst. the attorneys intimated the case will be carried, if necessary to the United States supreme court. If it is sustained, Castro will be free to land and travel about the country as he chooses.

Any proceedings that might have been contemplated against Castro were halted when he expressed an intention to voluntarily return to Europe. So far as appears, the only charge to warrant his detention is the report of a surgeon on the Steamer bringing him here that his physical condition made it advisable to keep him at Ellis island, pending further medical examination. Before the immigration authorities announced a decision Castro made it known that he was willing to return to Europe on his own accord.

**CHICAGO, JAN. 3.—It will cost \$1,100,000 for thirty-two of the thirty-three officials of the iron workers' union convicted of conspiracy to transport dynamite, to take advantage of the granting of a writ of superseadeas by the United States court of appeals in this city today.**

Whether this sum can be obtained it was admitted by counsel for the defendants to be a matter of grave doubt, but they expressed the belief that at least some of it to be secured—enough to accomplish the liberty of President Frank M. Ryan and few others, until decision has been reached on an appeal, for the filing of which a writ allowed sixty days.

ability and adequacy of any bonds offered. District Attorney Miller of Indianapolis, who represented the government at today's proceedings, stated that the bonds of surety companies would be acceptable, but that the surety must schedule in property twice the amount of the bond.

**Ryan's Bond Highest.**  
A basis of \$10,000 for each year's sentence was used by the court in fixing the amount of the bonds. As Ryan was sentenced to serve seven years, his bond was fixed at \$70,000 and the same ratio was preserved throughout for the other convicted men.

Judge Baker said on commenting on the errors alleged by the defense said:

"In this case the writ of error is an absolute right, writ of superseadeas is not an absolute right. It has been the practice of federal criminal prosecution, however, to allow writs of superseadeas so as to release prisoners on bail until the case is finally decided on review. While the judgment of the trial court presumably is correct, there is a possibility of substantial error—error so great that a conviction should not be sustained. For that reason defendants should not be subjected to ignominy of incarceration while their cases are being reviewed and writs of superseadeas should issue when it is shown that they are asked for in good faith and not on frivolous grounds or merely to delay the progress of justice."

"The chief error assigned in this case is that the defendants were tried on the theory of a continuing conspiracy. As far as we have been able to learn there is no decision which definitely considers this point. Could a matter be determined by reasoning an analogy to precedent; the question as to whether the defendant should have been tried for conspiracy in connection with one offense has not been definitely adjudicated and there are possible grounds for difference of opinion. In such circumstances it is the ordinary and customary practice to admit the defendants to bail."

**Is Announced to Prisoners.**

Leavenworth, Kan., Jan. 3.—Thirty-three men, the labor leaders convicted in connection with the dynamite conspiracy who began serving their term in the federal prison late today, summoned by Warden McClagherty to receive news of the granting by the federal court of appeals of superseadeas bonds, which may mean temporary freedom for at least thirty-two of them. Emotions ranging from surprise to stolidity and confidence were depicted in their faces and manner as the warden told them they had been informed by the Associated Press of the granting of the bonds.

Barring a brief word of thanks from each, only two of the had anything to say concerning the information conveyed to them. Herbert S. Hockin former secretary of the iron workers union who has been labeled to "betray" of his fellows and who is the only one of the 33 not affected by the superseadeas order, was the first to speak.

"Will the bond be perfected at Indianapolis or at Chicago?" he asked nervously. The question brought smiles from several of his fellow prisoners after news of possible approaching liberty had failed. When Warden McClagherty said he was unable to answer the question Hockin made no further attempt to pursue the matter and stepped back against the wall.

The face of Olaf A. Tveitmo of San Francisco who like Hockin was sentenced to six years, beamed when the warden announced the Chicago court's action. He shifted nervously while Hockin had the floor, then said:

"In behalf of my fellows, Mr. Warden, I thank you for this news. Some of us had confidently expected it, yet were prepared to serve our time, if the court so willed. With your leave, I beg to suggest that these men keep their own counsel until the full import of the order has worked itself out."

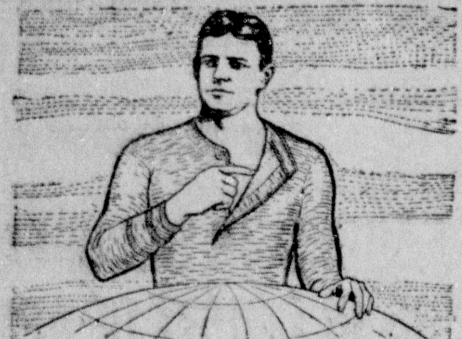

Warden McClagherty assented with a nod and with another expression of thanks, Mr. Tveitmo bowed.

When the warden announced that the bond for each would be \$10,000 for every year of each man's sentence, some of the men glanced inquiringly at each other. A slight smile hovered about Frank M. Ryan's lips when the warden illustrated by saying that the iron workers' president, "for instance" must furnish \$70,000 bail.

Until their bail had been secured and official notice to release them had been received he said their status in the prison would be exactly the same as formerly.

The warden returned to day from a conference with Attorney General Wickersham in Washington. He

**BODY OF WHITELAW  
REID IN NEW YORK**

Gale Sweeping River Makes Land-  
ing of Casket Difficult—Body Rests in  
State in Cathedral of St. John.

NEW YORK, JAN. 3.—Great  
Britain today delivered to his coun-  
trymen the body of Whitelaw Reid,  
editor, statesman and American am-  
bassador, who died in London. The  
British cruiser Natal brought the  
body home, and tonight it lies under  
the Stars and Stripes in the  
Cathedral of St. John the Divine.  
President Taft, dignitaries from  
the army and navy and representa-  
tives of foreign powers will attend  
the funeral services there tomorrow.

As the Natal moved up the North  
river at the end of her mission, the  
American flag floated half mast  
above her. The only decoration of  
the artillery caisson which bore the  
ambassador's body to the cathedral  
was a floral anchor presented by the  
Natal's officers.

The Natal had been met off Nan-  
tucket by a squadron of two United  
States battleships and four  
destroyers, and the funeral fleet lay  
off Sandy Hook last night.  
A thick fog blanketed the bay and  
it was 11 o'clock before the procession  
got under way. The fog lifted  
and the sky cleared for a few min-  
utes when they came to anchor off  
Ninety-eighth street, but the clouds  
soon shut down again and a gale  
swept up the river that made landing  
of the casket a difficult task.

Blue jackets from the battleships  
Florida and North Dakota were  
drenched with spray as they came  
ashore to form a guard of honor  
and the little launch from the Flori-  
da that carried the body to the  
wharf pitched so that the ten petty  
officers acting as bearers had to  
steady the coffin for fear it would go  
overboard. On the river the guns  
of the Natal and the Florida boomed  
a salute of 19 guns.

The first civilian to board the  
Natal after she anchored was Ogden  
Mills the latter ambassador's brother-  
in-law. When the procession  
formed, Mr. Mills with the am-  
bassador's son, Ogden Mills Reid,  
and S. S. Hanks, his secretary stood  
bare headed behind the artillery  
caisson with Chandler Hale, third  
assistant secretary of state and  
Captain T. N. Potts, U. S. N.

The body was escorted to the  
cathedral by a company of marines.  
The ten petty officers from the United  
States battleships walked on  
either side. There was no music  
and no display.

At the cathedral the casket was  
entrusted to a guard of thirty  
marines from the battleship Con-  
necticut. In squads of 15, on two  
hour shifts these marines watched  
by the casket during the night.  
The pall bearers will be: James  
Bryce, the British ambassador; Sec-  
retary of State Philander C. Knox,  
Senator Elihu Root, Joseph H. Choate,  
J. Pierpont Morgan, Chaney M. De-  
Pew, Judge George Gray, Admiral

William S. Cowles, Hartley Mann,  
Donald Nicholson, W. D. Sloane,  
Robert Lincoln, John Cadwalader,  
Robert Bacon and Henry White.

**KILLS CHILD; MAKES WIFE  
JOIN HIM IN FIGHT.**

Chico, Cal., Jan. 3.—A. D.  
Buraside of Penthe, who is charged  
with having choked his two day old  
infant to death, is being sought by  
a posse in the foothills near here.  
He is accompanied by his young wife,  
whom he forced to join him in his  
flight, and as she was in a serious  
physical condition when they left, it  
is feared, that she is dead somewhere  
in the mountains.

**DO NOT COMPLY WITH  
ORDER OF R. R. COMMISSION.**

Indianapolis, Ind., Jan. 3.—The  
discovery of an order by the Indiana  
railroad commission, granting the  
Cincinnati, Hamilton & Dayton rail-  
road company until Jan. 1, 1913  
to complete the installation of a block  
signal system, may have an import-  
ant bearing in the cases of 16 officers  
and directors of the road, indicted  
here a few days ago, charged with  
involuntarily manslaughter as a re-  
sult of the Irvington wreck, which  
cost 16 lives. As the liability of the  
officers was based on the fact that  
the company had failed to install  
the system as ordered, attorneys for  
the company believe the indictments  
will be dropped.

The finding of the order probab-  
ly will have no bearing on the indict-  
ment of the engineer, and conductor  
as it is charged their carelessness in  
leaving open a switch was respon-  
sible indirectly for the accident.

**We Announce For This Week A Splendid Sale of****FURS**

Furs are something we positively will not carry over from one season to another. As yet the mercury has not dropped low enough to make a very great demand for furs--so we have decided to drop the prices on our furs down past the zero mark and see if we cannot create a demand. We will not quote prices here. They would be meaningless when apart from the furs. But come to the store--make your choice and we will name you the lowest price you were ever made on a high quality fur.

**DRY GOODS STORE****THE AYERS NAT'L BANK BUILDING**

Will be Open This Afternoon and Evening to Visitors For Inspection of Banking Room, Vaults and Offices.

Nearly all day Friday interested and admiring visitors called in large numbers at the beautiful building of the Ayers National bank and were eager to look over the stately edifice which is such an ornament and addition to our city.

A great many were attracted to the basement and to the safety deposit vaults while quite a number rented boxes for the safe keeping of their valuables. It was notable that a good many had a decided predilection for some particular number.

A great many suggested that the building denoted a new era in Jacksonville as such enterprises had in other places and it would be the forerunner of more stately buildings which would give a new character and impetus to our city.

The management of the bank showed all courtesy to visitors and escorted them all about as desired and many availed themselves of the opportunity to see the fine structure but business was in progress and of course had to have first attention but this afternoon and evening, after the usual banking hours, a special opportunity will be afforded the public to call and go all over the building from top to bottom.

The offices will be open, the new method of indirect lighting ready for full examination and every facility will be afforded to all who wish to call and everyone, whether customer or not, will be wholly welcome and receive every consideration. Of course there will be no business transacted in the evening and all attention will be paid to callers. The officers, directors and employees will be on hand to receive and entertain visitors while the elevator will be constantly running to all the stories of the building.

## ROUTT HIGH WINS HARD FOUGHT GAME FROM PETERSBURG

Contest at Liberty Hall Friday Evening Decided in Last Few Minutes of Play.

In one of the hardest fought contests in basketball that has ever been witnessed at Liberty Hall, Routt College high school proved its superiority over the Petersburg High school by carrying off the honors with a score of 20 to 19.

The contest was witnessed by a large crowd, which gave undisputed evidence of its appreciation of the excellent playing by its frequent and hearty cheering. There was not a lull in the snappy playing from start to finish and each player on both sides displayed good individual playing and as for team work both aggregations worked together with a will. For the visitors Winterbauer was easily the star and before the contest ended he had six foul and three field goals to his credit. Johnston played a good game at forward and succeeded in getting two field goals while Armstrong at forward shot one field goal.

For the locals Butler played his usual good game at guard, Alexander was in right form for shooting baskets and made five from field and in the last moments of the contest he tied the score. Just before the whistle for time Sheehan succeeded in shooting a basket and winning the game for his team. Donovan was a little off at shooting goals from foul, but in ten chances he was successful in making six and also secured one field goal. Groves played a hard game at center. Each team was allowed one point on account of hacking.

Tuesday evening Routt High will play the alumni team, which is composed of two former captains, two former managers and other stars who had their day in representing the purple and white. As a curtain raiser for this contest the second team will play what is known as the play grounds team.

The line-ups for the contests Friday evening follow.

Routt High. Alexander capt., and Sheehan, forwards; Groves, center; Butler and Donovan, guards.

Petersburg. Johnston and Armstrong; Forwards, Winterbauer; center; Hawkey and Suhm, guards.

The officials were: Carl M. Kibler, referee; Harmon, umpire; Cosgriff and Cain, scorers; Hixton and Goldin, timekeepers.

## DESTRUCTIVE SNOW, RAIN AND WIND STORMS SWEEP COUNTRY

Storms Are Reported Along Atlantic Coast, in Portions of the South, and Middle West and Along the Pacific Coast.

New York, Jan. 3.—One of the most destructive storms of the season swept along the Atlantic coast today, causing great property loss. Simultaneously came reports of the south and middle west and along a part of the Pacific coast. Wire communication in all sections of the country was crippled. At times during the day as few as five out of the scores of wires were working between this city and Chicago and all wires south of Atlanta were prostrated. Damage caused to shipping on sea, lake and harbor can only be estimated tonight. While the storm was heavy and general only one death has been reported here up to a late hour, that of a Brooklyn man blown from a scaffold. In this city early today was followed by a gale that reached a maximum velocity of eighty miles an hour working havoc on land and water. Reports from upstate and suburban points told of suffering and damage caused by the blow.

The hurricane-like storm lashed up high waves from Sandy Hook to the rivers entering New York harbor sinking tugs and barges and driving other craft on to perilous positions. From capsized small craft scores of persons were rescued.

**Snow Slides in Mountains.**  
Seattle, Wash., Jan. 3.—Snow-slides in the mountains resulting from yesterday's rain and warm weather, interfered with train operations again today and tied up the Great Northern's transcontinental line to such an extent that its overland trains are being routed between Seattle and Spokane over the Northern Pacific tracks.

The Chicago, Milwaukee & St. Paul and the Northern Pacific are getting their trains through without serious delay.

Three feet of snow fell in the mountains today and it was still snowing at the summit tonight.

**Pennsylvania Storm.**  
Philadelphia, Jan. 3.—Wind which at times attained a velocity of 66 miles an hour, caused heavy damage throughout Pennsylvania, Delaware and New Jersey today. Buildings, trees and poles were blown down in all sections of the three states and numerous persons were injured.

**Severe on Virginia Coast.**  
Newport News, Va., Jan. 3.—The storm today was one of the severest ever experienced on the Virginia peninsula. Shipping was paralyzed during the day and much damage done to vessels. The winds velocity at noon was 70 miles an hour. Considerable damage was done buildings in this city.

Several oyster schooners were unaccounted for tonight, and it is feared they and their crews are lost.

**Battleships Fight Gale.**  
Norfolk, Va., Jan. 3.—Seven battleships, after several hours battle the storm, arrived in Hampton Roads today. They were the Utah, Ohio, Virginia, Nebraska, Georgia, Minnesota and Idaho. Waves were beating over the ships as they passed Cape Henry and the wind here had a velocity of 6 miles an hour.

Gish were awarded the honors while for the girls Miss Evalene Petefish demonstrated her ability in the pop corn eating contest. Warren Daniels was the winner in the athletic stunts. The committee served mush and milk, pop corn and apples, and all had a jolly good time.

Those composing the gospel team are Homer Turner, Cecil Megginson, A. E. Means and E. P. Gish. The meetings will close Sunday night.

## OPENING OF NEW YEAR IS BRIGHT

RETAIL DEALERS ENJOYED UN-  
EXAMPLED HOLIDAY TRADE.

The New Year Opens With All the Advantages and Gains Achieved During the Past Year—Confidence in the Future is in Evidence.

New York, Jan. 3.—Bradstreet tomorrow will say: After traveling at a brisk pace, business has slowed down, though less so than usual at this season. Confidence in the future is in evidence.

Retail dealers enjoyed an unexampled holiday trade. In a host of industries consumption bids fair to overtop production for sometime and the iron and steel industry probably never entered on a new twelve months under more auspicious circumstances.

Money is in demand and rates remain firm, but signs lead to the belief that more comfortable rates are not long way off. Business failures for the week ending January 2nd, were 287 against 249 in the like week of 1912. There were 324 failures in Canada during the week. **Dun's Review.**

New York, Jan. 3.—Dun's review will say tomorrow:

The new year opens with all the gains and advantages achieved during the last half of 1912. The new year takes over from the old, increased agricultural wealth resulting from the big crops, the great activity in the largest industries. The augmented confidence in branches of domestic trade, the record breaking foreign commerce and the full employment of labor at high wages, insuring large buying power. With this legacy from 1912, the maintenance of a satisfactory volume of business apparently is assured.

Bank clearing during 1912 increases 9.3 per cent over 1911. Railroad traffic, more-over is very heavy. In the cotton and woolen trades the outlook is an encouraging one. From all the leading cities in both east and west the end of the year advances are satisfactory in most of the material points and generally an optimistic spirit prevails.

### BANK CLEARINGS.

New York, Jan. 3.—Bradstreet's bank clearings report for the week ending January 2nd, shows an aggregate of \$3,058,300,000 as against \$2,926,382,000 last week and \$3,407,615,000 in the corresponding week last year.

Miss Webber's report on the special Christmas exhibition was as follows in part:

"About one hundred children's books were exhibited, most of these were the recommended editions of children's classics. During December the local papers very generously devoted space to the lists which were compiled with the hope of influencing Xmas buying. Very great pleasure was expressed by many people and it is certain that more than usual interest was shown in the collection exhibited."

"The advantage to the library is chiefly in the possibility of carefully looking over the new books which fall entirely of the purpose for which they would otherwise have been bought."

The following books for the library were selected from the Christmas exhibit.

Allen—Davy Crockett.  
Allen—Woman's part in government.

Blaisdell—English history stories.

### SIXTEEN JACKSONVILLES.

Very few people in the city realize just how many towns there are in the United States that bear the name of Jacksonville. The new parcels post guide shows that there are sixteen states in the union that have towns with this name. The states follow: Alabama, Arkansas, California, Florida, Georgia, Illinois, Louisiana, Maine, Missouri, North Carolina, Ohio, Oregon, Pennsylvania, Texas, Vermont and West Virginia.

### SENATORIAL CONTEST IN DELAWARE.

Dover, Del., Jan. 3.—Members of the legislature and other politicians of Delaware are already much in evidence in the capital, although the legislature will not convene until next week. The early arrivals of the members is chiefly due to the keen interest in the contest now on for the United States senatorship.

For the first time in many years the Democrats have captured the legislature and will have the privilege of choosing one of their party to succeed Harry A. Richardson, Republican, in the United States senate.

The battle is being waged between Willard Saulsbury, Democratic national committeeman, and politicians who are strongly opposed to the selection of Saulsbury for the senatorship. Friends of Saulsbury argue that he is entitled to the senatorship because he was one of the original Wilson boomers in Delaware. They also point to the fact that he has been spending his money for many years to elect his supporters to the legislature.

### TO PUSH WOMAN SUFFRAGE IN IOWA.

Des Moines, Iowa, Jan. 3.—A constitutional amendment providing for woman's suffrage will be introduced at the session of the Iowa legislature about to convene, with apparently the best chance of carrying that it has ever had in this state. Other important measures to come before the legislature will deal with workingmen's compensation, a nine hour workday for women and various reforms in state prison management, the educational system and the methods of taxation.

### CARD OF THANKS.

We wish to tender our heartfelt thanks for kindness and sympathy shown us and for the many beautiful flowers in our great bereavement by the death of our beloved son and brother.

Mr. and Mrs. J. S. Megowan,  
Mrs. J. F. Rafferty.

### DROWNED.

Ferdinand Hueninger, the aged man who strayed away from his home in Brighton on Dec. 22 last, was found in Piassa creek, four miles away from his home, with his face protruding through the ice. The unfortunate man was 82 years old.

### AUTOMOBILE NOTES.

Mr. and Mrs. Silas Rentchler of Concord came to the city yesterday in their Maxwell car.

C. N. Priest made a trip to Riggs-ton yesterday in his Ford car.

Joseph Bergschneider and family and Mrs. J. L. Hill, all of the vicinity of Franklin came to the city yesterday in Mr. Bergschneider's McFarland six car.

Jos. Vieira and family returned yesterday from Springfield after a visit in the Capital city, making the trip in their McFarland six car.

Jos. Estaque made a flying trip to Winchester yesterday taking Dr. C. E. Black on a hurry call and returning to Pittsfield in his McFarland six car.

Oliver Courtis of Winchester came to the city yesterday in his Oakland car.

Mrs. Jessie Price and daughter, Miss Jessie, have come from Springfield to be guests of Miss Lucy Barr the rest of the winter. They came in their electric car.

### WALSH TO SUCCEED DIXON.

Helena, Mont., Jan. 3.—The Montana legislature which will convene here Monday is expected to make for itself an important place in the history of the state. Measures of much weight will be brought before the new legislature, chief among which will be a woman's suffrage bill, a comprehensive road law, provision for direct primaries, presidential preference primaries, and a limitation upon the expenses of the candidates, and bills dealing with reform in the methods of taxation, the conservation of waterpower and a closer supervision over mining and other investment enterprises.

The Democrats will be in control of both houses of the legislature, which means that a Democrat will be elected to the United States senate to succeed Joseph H. Dixon, the Progressive Republican leader who directed the Roosevelt presidential campaign. The choice for the senatorship is T. J. Walsh, a wealthy Helena lawyer. Mr. Walsh has aspired to the senatorship ever since the days of the late "Tom" Carter. Several years ago he was an unsuccessful candidate for congress.

### TWO FIRE ALARMS.

The fire department received a call to the DuPont house Friday morning about 10 o'clock, but when they arrived it developed that it was a false alarm.

The second alarm was received at 12:50 Friday afternoon to the residence of Mrs. Nellie B. Hopper, 405 North Fayette street, where a spark from the flue set fire to the roof. The department rushed to the blaze, and extinguished it. A small hole in the roof was the only damage.

### MAN, WIFE AND BABY BURNED.

Family Near Herrin, Ill., Cremated In Their Home.

Herrin, Ill., Jan. 3.—Claude Debold, his wife and their 2-year-old baby, were burned to death when their farm house, several miles east of Herrin, was destroyed by fire. They were asleep upstairs when awakened by the flames. One of the downstairs narrowly escaped. The fire is supposed to have been caused by a defective flue.

Frank Robinson of Chicago is in the city visiting with his parents, Mr. and Mrs. Jack Robinson.

### COAL PRODUCTION IN STATE GAINS.

Increase of Ten Per Cent in 1912 Over 1911, Despite the Shut Down of Two Months in April and May, 1912.

Notwithstanding the two months' shutdown in the coal mines of Illinois in April and May, 1912, pending the adjustment of the wage agreement, it is estimated by E. W. Parker of the United States geological survey, that the production of coal in the state during 1912 will show an increase of about 10 per cent over 1911. The favorable crop conditions caused an increased demand for coal, both for railroad and domestic fuel. This resulted in unusual activity at the mines during the last four months of the year, in spite of the exceptionally warm weather prevailing for that season and the small quantity of coal required for heating. The coal shortage in the last third of the year was not an unmixed evil while at times annoying it did not materially curtail the output and reacted beneficially in enabling operators to obtain generally higher prices. If cars sufficient to meet all requirements for the full operation of the mines had been furnished in September and October, orders would have diminished considerably, as many consumers and dealers place duplicate orders with different producers in time of scarcity. As it was, with 60 per cent or less of maximum mining time the supply was kept, by force of circumstances and not by intent, just below all requirements, a situation which naturally helps to maintain a stiff market. The shortage of anthracite in the east has indirectly benefited the bituminous trade in Illinois. Labor has been short, particularly in the latter part of the year.

### SOFTNESS OF SEALSKIN.

Is Rivalled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

# STATION LOAFERS UNDESIRABLE

Illinois Central Special Agents to Begin Crusade.

The individual known as the station loafer and who has been infesting depots in all the villages and cities along the Illinois Central railroad for years without a thought of molestation, is to receive a very rude jolt, for the detectives and other officials of the company have been ordered to rid the premises of these undesirable and have already begun a relentless crusade against them.

Not a village is there in the country which is not afflicted with the loafer and he generally monopolizes the waiting rooms and platforms of the company to the exclusion of the traveling public. For a half or three quarters of an hour before the arrival of each train the station loafer may be seen wending his way to the station to be on the ground for the purpose of seeing the train come in and go out, see who is going away and who comes in. Day in and day out, week in and week out, especially during the winter season, he is on the ground with undeviating punctuality.

The officers of the Illinois Central say that it is a nuisance to the travelers to get into a station or wait for a train where there are a lot of loafers who have no business there whatever and who fill the station with tobacco smoke, spit all over the floor and take up all the best seats. It is not going to be the easiest matter in the world for the officers to tell who are the loafers, in every case, but there is generally a group of individuals who haunt the stations and it is this class that will be singled out by the officers and summarily ejected from the premises.

Mrs. F. L. Poffenberger and daughter, Miss Irene, of Pawnee are visiting. Mrs. Poffenberger's sister, Mrs. H. F. Cusick.

# WIZARD OF FIGURES TO BE PAROLED BY GOVERNOR

Chief Executive of Missouri to Give Freedom to Prisoner in Whom Scientists are Interested.

Jefferson City, Mo., Jan. 3.—Before the expiration of his term Governor Hadley will grant a parole to Michael Angelo McGinness, mathematician and scholar, who is serving ten years for forgery.

He has been in the penitentiary since the summer of 1907. Not long after his arrival he sent word to Joseph W. Folk, who was governor, that he would solve any mathematical problem regardless of how difficult of accomplishment. He offered to demonstrate for an absolute pardon the following:

"A general solution of the equation literal of the fifth degree.

"That all even degree equations can be depressed one degree, and that all odd degree equations can be depressed two degrees.

"A general logarithmic solution for numerical equations up to and including the sixth degree, with proof that numerical equations of all degrees can be solved by logarithms and eliminating 'Descartes' rule of signs,' the Newton, Lagrange and Homer methods of approximation and the difficult 'Sturm method.'"

The offer was not taken up. McGinness, who is now about 59 years old, has made no demonstration that he is able to solve problems he propounded. Many eminent educators became interested in the mathematician and have written letters in his behalf to Governor Hadley, among them being Prof. J. M. Croppwood of Kansas City, superintendent of public schools.

McGinness was sent to prison from Kansas City for forging a deed, realizing \$400. He has a wife and son in Neosho, Mo. Another man convicted with him was paroled some time ago.

Scholars all over the country are eager to have McGinness released so he will demonstrate and solve the problems.

# WEALTH OF ATHLETES.

New York, Jan. 3.—Seldom in the history of the national indoor athletic championships has there been such a wealth of runners, leapers and weight hurlers of high grade as are entered for the annual meet to be pulled off in the Twenty-Second Regiment armory here tomorrow night. Cities as widely separated as Boston, Chicago and New Orleans, with many of the intervening points, have sent their best performers to compete for the honors. Colleges and clubs alike will be well represented. Among the big colleges that will take part are Yale, Harvard, Cornell and Pennsylvania.

The list of events includes the 60-yards, 220-yards, 600-yards, 1000-yards and two mile runs, one mile walk, 60-yards high hurdle race, standing high jump, standing broad jump and putting the 12-pound shot.

In view of the many star performers included among the entries it seems almost certain that some of the marks in the eleven events will be displaced by better figures before the evening's program is concluded.

# ALLEGED SWINDLER IN COURT.

Boston, Mass., Jan. 3.—Frank C. Winchell, former president of the Oxford linen mills of Brookfield, was arraigned in the federal court today for a preliminary hearing on charges of having used the mails in a scheme to defraud. Winchell's arrest followed the raid two weeks ago on the offices of the Sterling Debenture company in New York, and other cities. The Sterling concern, it is estimated, sold during its career of six years, approximately \$23,000,000 of the stocks of various companies, including the Oxford linen mills. Much of this stock was in legitimate companies, but an enormous amount, it is alleged was of bogus concerns and war worthless.

# THE NEGRO AND THE NATION.

Under the above caption the Boston Congregationalist and Christian World publishes an article that should be sent broadcast throughout the land. The paper goes on to say that fifty years ago the emancipation proclamation liberated four millions of colored people, pledging them equal rights to life, liberty, property and the pursuits of happiness and the negro pledged obedience to laws and shouldered his share of taxation, civic and military service.

With all the handicaps of slavery the negro has made a start and where one hand has been offered to him a thousand have pushed him down yet with all this great drawback he has striven with courage and optimism and faith in God and has made in half a century progress unequalled in the history of the world under similar conditions. He has done what many said he could not do and has avoided evil things as well as the white man.

Judge Wendell P. Sanford of the District of Columbia supreme court says of the negro:

"In less than fifty years of freedom he has justified every claim of the abolitionists. He has shown himself brave in battle, faithful in business, eager to learn, capable of acquiring and controlling wealth, and able to produce noble, far seeing leaders of his own blood."

They have increased to ten millions, have established schools, have become the chief agricultural producers of the south, acquired millions of property and succeeded well in many callings. A larger proportion of negroes own their homes in Virginia than white people in Massachusetts. In Mississippi and Louisiana there are more negro farm owners than white. In the whole country there are a third more white paupers per thousand of population than negro and by far the greater percentage of crime is committed by white men.

The most bitter hatred and devilish revenge is meted out to the negro who attacks a white woman but the white man invades the homes of the negro and ruins colored girls by the thousand and there is hardly a protest by the race that calls itself so superior.

The negro is taxed in the southern states for the support of a government in which he has no voice while the most ignorant and vicious white man may vote anywhere. The negro helps pay for schools in which he has small share of benefits. He is charged full fare on all railroads and then hustled into a Jim Crow car and a separate waiting room often filthy and unendurable. In the north the field of industrial opportunity for the negro is being steadily restricted and all this is not because the African is poor or ignorant but because his skin is dark.

We are face to face with a serious problem. If the constitution and laws may be so defied in the south the same lawlessness will surely extend to the north sooner or later. There is less danger from the Bleasens, Vardamans and Tillmans whose violence and brutality defeat their own ends than from the indifference of men both north and south who do not help remove this blight on our country. We demand obedience to law, industry and thrift of the negro and we must give him a fair opportunity in return. The suffrage should be restricted but not on a color line; rather on general unfitness. We must do right or suffer dread consequences.

The third annual oyster supper, was given to the young men and ladies of the Shiloh church at the home of Mr. and Mrs. Alvin Carpenter, Tuesday evening in the way of a watch meeting.

The young people all came masked and considerable time was enjoyed in introductions, guessing contests etc.

One of the interesting features of the evening was a mock wedding, the participants being Nathan Carpenter and Miss Mae Thompson, Frank Dodsworth officiating as minister. Prizes were given for the most comical costume. Miss Hannah Young winning the prize given the young lady and Nathan Carpenter that of the young man.

# BAD BREATH

It's Your Duty to Get at the Cause and Remove It—A Word to the Wise, You Know.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant sugar-coated tablets are taken for bad breath by all who know them.

Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system of impurities.

All the benefits of nasty, sickening, gripping cathartics are derived from Olive Tablets without gripping, pain or disagreeable effects of any kind.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath.

# FIRST CASE IN HISTORY OF LEAGUE.

Where the Manager is a Part Owner of the Club Which He Is Leading.

Harry Syfert among other things is the first manager in the history of the Three Eye League to own a part interest in the club which he is managing, says the St. Louis Globe Democrat in a recent issue. Whether this is true or not can be doubted since it is generally understood that Clarence Rowland and Forrest Glass are supposed to be financially interested in the Dubuque club, of which Rowland serves as manager. The Globe Democrat further says: "It is believed that such ownership will have a tendency to promote economy, increase the efficiency of the team and produce better results in many ways. Extravagance in the handling of the club finances by managers has been a serious factor in the operations of minor leagues and many Three Eye associations have suffered in former years in this direction. With the manager a part owner the chances are that the club finances will not be dissipated." During the coming season Syfert will take his turn in the box and will also be available for utility purposes, being able to play any position except backstop.

# INAUGURATION MAY BE DELAYED.

A precedent established in the 34th general assembly, in 1885, in which Richard J. Oglesby, elected Republican governor at that time and the newly elected state officers were not installed until after weeks of wrangling, and the selection of a permanent speaker of the house had taken place, is placing Governor-elect Dunne and his followers in a dilemma, the prospects at present being that the newly elected officers may not be installed on Jan. 13.

Under the course pursued in the 34th assembly, the newly elected state's chief executive will not be able to form a combination that will permit the Democratic state officers-elect to take hold under a temporary organization of the general assembly, although the governor-elect and his political aides have been wire pulling along these lines, in anticipation of a deadlock when the legislature meets next Wednesday.

## MANY MARRY IN S. S. CLASSES

REMARKABLE RECORD OF PISGAH BAPTIST CHURCH.

"Ruth Missionary" Class Furnished Ten Brides for Year 1912 and "Regulars" Contribute Thirteen Grooms—Mrs. Curry to Enter "Newly Weds" to Day.

In the Union Baptist Sunday school are two remarkable classes: the "Ruth Missionary Class" with E. K. Stevenson as teacher and the "Regulars" taught by Mrs. A. A. Curry. From this class of young men thirteen were married during the year 1912 and the "Ruth Missionary" class has furnished 10 of the brides. Tomorrow Mrs. Curry will entertain these "Newly Weds" together with E. K. Stevenson, teacher and Rev. L. H. Williams, the pastor who has performed most of the ceremonies at a turkey dinner at her home in Pisgah.

The names of the young people prior to marriage were:

Earl Lukeman, Miss Bertha Wood, Onie Twiford, Miss Flora Mosely, Iven Cox, Miss Nellie Beekman, Fred Gottschall, Miss Pearl Roach.

William Sparks, Miss Jennie Witham.

Otto Wood, Miss Pearl Ferguson, William Mosely, Miss Lulu Stevenson.

Covey Thurston, Miss Della Cline, Walter Davenport, Miss May Stubblefield.

Edgar Gottschall, Miss Mary Cooper.

George Cline, Miss Kelly.

Roy Dyer, Miss Grace Lukeman, Arthur Harlow, Miss Elizabeth Wood.

The first ten ladies were all from the Ruth Missionary class.

All the gentlemen were at some time during the year in Mrs. Curry's class at least a part of the time.

Mr. and Mrs. Arthur and How live in Virde where they were married and where Mrs. Harlow was reared.

Mrs. Curry says a good part of the young married people continue to attend Sunday school and while the Journal is not authorized to make any offer at all it is certain that if any young people, for any reason whatever, would like to join either of these classes, being ready for anything that might take place, they will be welcome.

Mrs. Curry's sister, Miss Wood and Mrs. Cox will assist her in entertaining the guests and it is easy to imagine the delightful time they will have and the delicious bill of fare which will be set before them.

W. R. Fox, 193 W. Washington St., Noblesville, Ind., says: "After suffering many months with kidney troubles, after trying other remedies and prescriptions, I purchased a box of Foley Kidney Pills which not only did me more good than any other remedies I ever used, but have positively set my kidneys right. Other members of my family have used them with similar results." Take at the first sign of kidney trouble.

### ALL DAY MEETING.

Missionary Society Holds Profitable Session.

Ladies Missionary Society of Union Baptist church held a delightful all day meeting on Thursday with Mrs. E. H. Stevenson of Pisgah.

A splendid four course dinner was served at noon to about twenty people.

At 2 o'clock the program began. This meeting was presided over by the president, Mrs. Harriet Beekman after a short devotional meeting led by Ivan Wood the topic of the afternoon was taken up. The discussion was preceded by a lively debate "Resolved that Medical Work as an Evangelizing Agency is as Important as Educational Work." Affirmative Mrs. A. A. Curry. Negative, Mrs. L. H. Williams. The judges decided for the affirmative. The roll call was responded to by a resolution for 1913.

The meeting adjourned to meet Feb. 6, with Mrs. S. M. Hussey.

California Woman Seriously Alarmed

"A short time ago I contracted a severe cold which settled on my lungs and caused me a great deal of annoyance. I would have bad coughing spells and my lungs were sore and inflamed I began to be seriously alarmed. A friend recommended Chamberlain's Cough Remedy, saying she had used it for years. I bought a bottle and it relieved my cough the first night, and in a week I was rid of the cold and soreness of my lungs," writes Miss Marie Gerber, Sawtelle, Calif. For sale by all dealers.

SWITCHMEN ARE WARNED.

Superintendents Henderson and Miller of Alton Urge Them Not to Stand in Front of Switch Engine to Board It.

Citing the case of a switchman of the Pennsylvania lines who missed his handhold and fell under a switch engine in the Chicago yards on Dec. 26, while trying to step on to the foot board in front of the engine, Superintendents S. P. Henderson and C. W. Miller of the Chicago & Alton railroad have issued a bulletin urging all employees of the road to desist from the practice of standing in front of a switch engine to board it.

The switchman mentioned was seriously injured, and many have been killed in a similar manner. The superintendents caution engineers to stop their engines when they see employees standing between the rails for the purpose of mounting the engine.

It is a curious fact that bulletins of warning similar to the one mentioned are constantly appearing on the different railroads, and each one that appears has a recent example of the carelessness cautioned against.

"In spite of our repeated warnings," reads the C. & A. bulletin, "this practice seems to continue in general use."

CUT THE HIGH COST OF LIVING.

W. H. Chapman, Winnebago, Neb., tells how he did it. "My two children had a very bad cough and the doctor's medicines did them no good. I got a bottle of Foley's Honey and Tar Compound, and before it was all used the children were free and cured of their cough. I saved a doctor's bill for one 25c bottle of Foley's Honey and Tar Compound."

BY PARCELS POST FROM ENGLAND

Joseph Clayton, 1249 West State street received yesterday by parcels post a currant loaf cake mailed by John Jessop, 10 Bottom Taylor Hill Road, Lockwood, Huddersfield, Yorkshire, England, mailed December 19. This is probably one of the first packages on our special parcels delivery coming from a foreign country, and as it was from Mr. Clayton's home town and from old friends was most welcome. The parcels post has been used in England for years and this package reached this country just in time to take advantage of our new law.

GAVE BRIDE MILLIONS; DIES WITH 2 CENTS IN POCKET.

Alexander Mercer Pell Rapidly Descended Social Scale Since Marriage.

New York, Jan. 3.—Alexander Mercer Pell, who settled \$1,000,000 on his bride, came to an obscure end today in a furnished room with 2 cents in his pockets. He was 42 years old. The landlady where Pell rented the room, found him dead in bed.

Pell had descended the social scale rapidly since the time of his marriage in the early 90s to Miss May Hutton of Herkimer county.

H. Archibald and Duncan Pell, brothers of the dead man, were notified. Pell was divorced in 1907 and was not allowed to see his son for two years. Mrs. Pell subsequently married Charles W. Dally, a Wall street broker.

THE NORTHMINSTER CHURCH MEETINGS

Tomorrow will witness the beginning of the meetings at Northminster Presbyterian church and everything is in good shape for the work. The people are rarely fortunate in securing the services of Geo. Beekman to lead the singing for he is a gentleman well able from an artistic standpoint to do the work while his heart is wholly absorbed in the great cause. There is little doubt but that the meetings will be abundantly blessed in every way.

Rev. W. A. Bodell is a man of great gifts and will bring with him a record seldom surpassed or equaled and he will be of great service in the work here.

"The Fourth Reformer church was very fortunate in securing Rev. W. A. Bodell to conduct a ten days revival. The interest manifested, not only by members of the church, but by outsiders too, was very great. Rev. Bodell's earnest preaching of the word was filled with the power of the Spirit, and his plain, straightforward manner told for good in the community. With the stalwart appearance of an all around man, the brevity of a Moody, and the convincing power of a White, and the convincing gospel delivery of Paul, he brings the old, old Gospel to his hearers in a new way, and so plainly that no man can go from his presence and say, "He has told me none of the things of life."

MARE HAS LOCK-JAW.

Grace Cannon, the well known mare owned by T. L. Cannon is at the Willerton and Carter veterinary hospital suffering from lock-jaw. About ten days ago the animal ran a nail in its foot. Mr. Cannon holds a valuation of \$1,000 on the mare.

## NOT LIKE WINTER 40 YEARS AGO.

The Journal had Friday an extract from the Carlinville Enquirer telling about the "dry winter" forty years ago. This on the authority of some "uncle" who did not remember well.

The winter of 1872-3 was not a dry season so far as snow at least went. Unlike the Enquirer's informant I was neither feeding cattle nor hogs that winter, but I did fare sumptuously every once in a while at the expense of my future father-in-law, Dr. Geo. I. King of Jerseyville, right in the Carlinville zone.

As I have before stated in the Journal there was very heavy snow on the ground at Christmas 1872. I well recall seeing it at Roodhouse a day or two before Christmas en route to Jerseyville. There was also much and deep snow after Christmas. A lot of us went out one night in January or February to Mr. Septimus S. Stevenson's on a sleighing party, and the mercury was 9 degrees below zero that night. John A. Ayers went as did George J. Dod, with Miss Mary Allen, sister of the present Mrs. Dr. W. H. King. I think Henry S. Stevenson went. John G. Loomis did. I took Miss Brooks, who afterwards married Judge Robt. D. Russell, Miss Hattie Nevius, afterwards Mrs. W. E. Veitch, was another young lady who went.

That winter was the one when we had the coldest weather "ever" here, 40 degrees below zero. That was the morning of Jan. 29, 1873, according to Rev. C. R. Morrison's diary, although he did not mark it quite that low. In 1906 the Courier had a list of snows for '65 years in which the following notations are made: 1873, Jan. 3-4, 12 inches; 1873, Jan. 23, 10 inches.

This with what I remember before Christmas, 1872, as to snow, shows that the winter of '72-'73 was far from a dry one.

A mean stuffy cold, with hoarse wheezy breathing is just the kind that runs into bronchitis or pneumonia. Don't trifle with such serious conditions but take Foley's Honey and Tar Compound promptly. Quick and beneficial results are just what you can expect from this great medicine. It soothes and heals the inflamed air passages. It stops the hoarse racking cough.—City Drug Store, J. A. Obermeyer.

WOODMEN HAVE SOCIAL

A BEAUTIFUL MESSAGE.

# The J. R. Penrose Farm

## \$225.00 Per Acre. No Trades.

One of the very best and most productive farms in Henry county (which is saying a good deal, for Henry County can't be beat either in Iowa or Illinois) containing One Hundred and Sixty-five (165) acres, located in Scott township, three and one-half miles from WINFIELD, which is one of the brightest, best little towns in Iowa. Winfield is on C. B. & Q., and Iowa Central Railroads, has a population of 1,000; two banks, two lumber yards; a planing mill; two grain elevators; three churches—Presbyterian, Methodist and United Presbyterian—all fine edifices. Excellent High School—graduates can enter State University without examination.

IMPROVEMENTS—Well-built, substantial two-story house, with furnace, cement cellar under entire house (two divisions) elstern and good well, fine drinking water, gasoline engine pump, a second one and one-half story house, used for wash house, storage, etc.; good large barn, crib and granaries with capacity for storing 7,500 bushels of grain; five ton "Howe" scales; buggy house; machinery shed; chicken house; fine hog house, etc.; orchard and grove.

FENCING—Hog-tight boundary fences, over one-half built new in 1910; good cross fences, part of them hog-tight; ornamental wood picket lawn fence and very best woven wire fencing dividing lots, all new, built 1910.

THE SOIL—Land is smooth, no waste. The soil is Iowa's famous black loam, with clay sub-soil, well tilled, over 40,000 of four and six inch tile on the place, with first-class outlet, one tile watering place, fed also by spring never known to go dry.

CROPS—Have been in rotation from corn to small grain and clover, generally one-half of the acreage in corn, the yield of which has averaged from sixty to eighty bushels per acre. In 1910 ninety acres averaged sixty-four bushels to the acre, seventeen acres of second year sod producing eighty-five bushels to the acre of good sound corn weighed in at 75 lbs. to the bushel. Good yields of oats and clover hay. Between four and five thousand dollars has been expended on this farm by its present owner in the past three years, tilling it out and in fencing, cribs, scales, painting, shingling, etc., etc., bringing the farm up in first class shape, the principal expenditure being for drainage, over seven (7) miles of ditching 2½ to 3 feet deep being required for the tile which has been put in, all of it four and six inch and the outlets are exceptionally good. I take pride in presenting this fine farm on my list, its owner, Mr. J. R. Penrose of Burlington, Iowa, having placed it with me for sale at \$225 per acre, and it is worth the money. Mr. Penrose names liberal terms. Part of the purchase price can remain on the farm for five years at 5 per cent interest.

EIGHTY-ONE ACRES OF THIS FARM NOW SET TO CLOVER. AN EXCELLENT STAND.

## SOME COMMENTS

From Hon. William D. Dodds, Danville, Iowa.

(Ex-Member State Legislature and Successful Farmer).

J. R. Penrose, Burlington, Iowa

Dear Sir: In December, 1910, I spent some time in viewing your farm at Winfield, Iowa. I was greatly pleased with the improvements, the lay of the land, the way you are managing the farm in order to keep up the fertility of the soil. The corn harvested on this farm is the best I have seen anywhere. I consider it one of Iowa's choice farms, well worth any man's time to look at. Yours Respectfully, W. D. DODDS.

From a Former Owner.

J. R. Penrose, Burlington, Iowa.

I bought the north eighty of your farm in 1876, the south eighty about ten years afterward. I sold the whole farm in 1900, thus having lived there and farmed for near twenty-five years—raised our family there. I consider that you have a good farm, and every foot of it can be farmed. There is no waste land on the entire quarter section. At the time I built the house I took great pride and put up one of the most substantial homes in the country, and I am considered a mechanic myself. You are to be congratulated on owning this farm and for the improvements you have added to it the last two years, and whoever buys it will have a productive piece of land and a very comfortable home, in as good a community as there is anywhere. I now own 80 acres 1¼ miles south of you, for which I received a bonafide offer last spring of \$225 per acre—(it was in February, 1910). I own 105 acres just east of Winfield. I live in town and rent the farm. Winfield is a good town, with a good set of sterling citizens—splendid high school and three fine churches. With best wishes, Most truly yours, CASPER SCHENK.

From a Former Owner.

Mr. J. R. Penrose.

Dear Sir: In regard to the information you asked concerning your Winfield farm, will state that I owned and operated it for a number of years; that in my opinion it is one of the most productive and fertile farms in Henry county, absolutely free from all obnoxious weeds and vines, and that I made the mistake of my lifetime when I disposed of it. Respectfully yours, S. C. DODDS.

To Whom It May Concern:

This is to certify that I have made a personal inspection of the J. R. Penrose farm, situated near Winfield, Iowa, and consider it one of the good corn farms of southeastern Iowa. It would make an ideal home, being located in a good community and very finely improved. Any statement Mr. Penrose will make in regard to crop yield can be relied upon. Yours truly, W. V. Lloyd.

From Business Men and Farmers of Winfield and Vicinity.

To Whom It May Concern:

We, the undersigned, know the J. R. Penrose farm described above and consider it to be one of the best and most productive farms in the vicinity of Winfield. The location is excellent, the improvements are exceptionally good. The statements of the owner, Mr. J. R. Penrose, as to yield, etc., may be thoroughly relied upon.

## Some Comparative Values

Casper Schenk refused a bonafide offer of \$225 per acre for his farm, 1¼ miles south of the "Penrose Farm." Mr. Henry Moody owns the farm adjoining on the north. He refused to price his farm. I do not believe that \$250 per acre would be any temptation to Mr. Moody to sell. Mr. Martin contracted the sale of his 140 acre farm, situated 1½ miles northeast of the "Penrose Farm," at \$225 per acre, but, changing his mind, refused to deliver the deed, making an honorable settlement to be released from delivery. Many other instances of bonafide offers and sales at prices ranging up to \$250 per acre could be cited. The refusals, the offers submitted and prices obtained for farms in the neighborhood of the "Penrose Farm" are conclusive proofs that the price at which Mr. Penrose has authorized me to sell his farm is entirely reasonable and conservative. I repeat, that this farm is worth the money asked.

## SOME REFLECTIONS

DO YOU KNOW that there are only five corn producing states in the Union, the rest being consumers? That all the corn land of the great West has been developed? That there is no more cheap, undeveloped corn land to excite the people and therefore hold down the price of unimproved land? That within another ten years the United States will hardly produce enough corn for home consumption, and that the lowest price of corn will be upwards of 50 cents per bushel, and our best farms in the corn belt will be intensely farmed and easily bring \$250 to \$300 and more per acre? That no man can make a mistake or pay too much for a well located "No. 1" farm in the corn belt? If you are well posted the facts stated above are self evident truths.

THEN WHY DELAY the purchase of such a well improved, highly developed farm, so advantageously located? Remember, a piece of well located and productive land cannot run away, be stolen, burned up nor depreciate in value.

If you want an "IDEAL HOME FARM" in this part of Iowa, come and let me show you this one. Write to me and I will send you a descriptive and illustrated circular, showing residence, barn, cribs, etc.

## JAMES PETEFISH CELEBRATES SEVENTY-SECOND BIRTHDAY

Well Known Litterberry Resident Commemorates Natal Day With Large Gathering of Relatives.

James Petefish, one of the well known and highly respected residents of Litterberry celebrated his 72 birthday at his home Friday, with a large gathering of relatives. All of the members of the immediate family were present with the exception of one daughter, Mrs. Frank Ogle of Topeka, Kan.

The Petefish home was very beautifully decorated for the occasion and the large dining room red and white were the prevailing colors, a very pretty effect being produced with the use of red streamers, holly, Christmas bells and other decorations in keeping with the season. The guests, most of whom were from Cass county, began arriving at 10:30, coming in automobiles and on the train and long before the time for dinner those composing the guest list, which totalled 65, were present. At noon a very elaborate four course dinner, consisting of a menu made up of most tempting viands, was served.

After dinner Rev. E. P. Gish, pastor of the Litterberry Christian church, arose and in fitting words presented the guest of honor with a large leather upholstered rocker, which was gift of the Virginia relatives. Mr. Petefish was the recipient of a large number of other beautiful and useful presents. The afternoon proved most enjoyable and the young ladies in the company furnished vocal and instrumental music for the occasion.

Mr. and Mrs. Petefish have always resided in Litterberry and are members of old established families of that section. Mr. Petefish is the oldest member of his family with the exception of one brother, James Petefish, who resides in Missouri. While the celebration Friday was primarily in honor of Mr. Petefish his wife was also kindly remembered and was made to share the honors with her husband.

Petefish of Springfield, Mr. and Mrs. Ellis Petefish of Jacksonville, Harry Petefish of Concord, Miss Melvin Smith of Litterberry, Misses Lora and Evalie Petefish and Aaron, Orville, Jesse and Dewey Petefish of Litterberry, all children of Mr. Petefish; and the following relatives: William Petefish, a nephew of Bloomfield, Ia.; Mrs. Nancy Petefish, M. ## ATTEMPTED JAIL DELIVERY AT CEDER RAPIDS BASTILE

Prisoners Smuggle Dynamite Into Prison and Attempt to Gain Liberty Through Explosion.

Cedar Rapids, Ia., Jan. 4.—Yegmen this morning made an attempt at a jail delivery to gain the freedom of Harvey Lee, alias Charles McBride being held under heavy bonds on a charge of burglary. Lee is claimed to be one of a gang of three who in the early part of November made three unsuccessful attempts to blow the safe of the Alburnett State bank after cutting all telephone wires leading out of the town except one. In the battle which followed this morning's attempt between the police force of two cities Charles P. Gillen of the Cedar Rapids force was fatally shot. From present indications the jail must have been blown from the inside, pals of Lee having smuggled the explosive past the guards. All wires leading from the building had been cut before hand and it was only owing to the small charge that the delivery was not effective. Definite details are not obtainable at a late hour this morning.

Knoles doesn't carry over goods; he puts them at a price to go.

#### CHICAGO POST OFFICE MAY BE SWAMPED WITH NEW SYSTEM

Insufficient Floor Space to Handle All Packages of Parcels Post is Prediction of Superintendent of Chicago City Mail.

Chicago, Jan. 3.—Present postoffice facilities here will soon be inadequate to the handling of the parcels post business, declared Col. LeRoy T. Steward, superintendent of the city mail, here today. Col. Steward before January 1st, announced that he had contracted for wagons and additional help enough to cope with any expected business but today he acknowledged that the way business houses and private individuals had started to use the parcels post promised to swamp the postoffice.

"We have been able to handle the business so far," he said but I predict a condition when the floor space will be insufficient to handle the packages. This condition may not come for some months, but it is coming.

The Chicago postoffice is one of the largest and best equipped in the country. Rush of parcels post business continued unabated today. Few freak packages were handled. Butter, eggs and liquids formed a large percentage of the day's business.

#### SHOT WHILE HUNTING.

As the result of a hunting expedition, Clark Walbaum of Ashland, the 14-year-old son of Mr. and Mrs. Fred Walbaum, is suffering with a gunshot wound in his thigh, a gun being accidentally discharged while in the hands of his companion, William Kennedy. The boys had been hunting for quite a while and becoming tired, they started to shoot at targets when the gun was accidentally discharged. The boy walked home, with the aid of Kennedy, and Dr. J. A. Glenn dressed the injury and the boy is getting along nicely. On account of the accident the Rebekeah initiation, which was to have been held Friday evening, was postponed, as Mrs. Walbaum, the boy's mother, was one of the ladies to receive the degrees.

#### HELD INSTALLATION.

#### HUBBARD-HUSTON GROUP WILL NOT ATTEND TUESDAY CAUCUS

Representative Hubbard Says Under no Circumstances Will They go in to a Caucus in Which Name of Lorimer Democrat is Presented For Speakership.

Springfield, Ill., Jan. 3.—That the Hubbard-Huston group of Democratic house members will decline to go into the Democratic caucus called for next Tuesday night in Springfield is made certain by the declaration of Representative Hubbard, of Carrollton, Greene county, who was here today, that he had withdrawn his receptive candidacy for the speakership; that he and his friends would support Representative Huston of McDonough county and that under no circumstances would they go into "any caucus in which the name of a Lorimer Democrat is presented for the speakership."

Tonight Representative James Morris and Richard Kinsella, both of this city, formally opened headquarters at the St. Nicholas hotel for Representative John J. McLaughlin, of Chicago, Democratic candidate for speaker. Coincident with the opening of headquarters the statement was made by Mr. Kinsella that McLaughlin, who is credited with being the candidate of Roger Sullivan, has fifty-four Democratic votes pledged and that there is no doubt but what he will be able to secure the caucus nomination.

This would mean that twenty-three votes would have to be secured from one of the other parties. There are eight so-called Lorimer Republicans in the lower house, men who voted for Lorimer for senator and these probably would go to McLaughlin under certain conditions. Even with this addition of strength it would leave McLaughlin fifteen votes short of the necessary seventy-seven.

There is quite a fight on the Republican side of the house for control, a number of candidates having already announced themselves for the position of minority leader. A plan to distribute the honors and thus placate the various factions has been advanced by members of the state central committee. According to this plan, which was outlined today by Secretary of State C. J. Doyle, secretary of the committee, a representative of one element within the party shall be the candidate for speaker and a member of the other side shall be placed in the running for minority leader. Homer J. Tice, Greenview; George H. Wilson, Quincy; William P. Holaday, Danville, and Walter M. Province, Taylorville, are candidates for the speakership. Morton D. Hull, Chicago, and David E. Shanahan, also of that city, are leading candidates for the minority leadership.

Col. James Hamilton Lewis, Democratic candidate for United States senator, will arrive in Springfield tomorrow and will have headquarters at the St. Nicholas hotel.

Dr. and Mrs. R. L. Stout have returned to their home in Chicago after a visit with Dr. and Mrs. Charles E. Cole.

#### RECOMMENDS ERECTION OF STATE SANITORIUM.

Springfield, Ill., Jan. 3.—The erection of a state tuberculosis sanatorium for indigent patients is recommended in the annual report of the state board of health received today by Governor Deneen. The report does not favor city and county sanatoriums authorized by legislative acts of 1908 and 1909.

#### PEOPLE MAY PAY FINES OF SENTENCED NEWSPAPER MEN

Movement is Started For One Million People to Give One Cent Each to "Cause of Freedom."

Boise, Idaho, Jan. 3.—One million people will give one cent each to pay the fines imposed yesterday upon R. S. Sheridan and C. O. Broxon, publisher and managing editor of Capital News, who in addition to their fines are serving ten day sentences in the county jail. The movement was started by Representative Dowd Dunning, of Owyhee county, who contributed the first penny and expressed the hope that there were one million men and women in the United States who would follow his example and make penny contributions "for the cause of freedom."

Sheridan and Broxon together with A. R. Cruzen, were punished by the Idaho supreme court for contempt for publishing the criticism of Colonel Roosevelt of the court's decision preventing the placing of Progressive presidential electors names on the ballot.
